## 'AFFAIRS OF STATE' SCORES AS ENTERTAINING FARE IN FIRST THEATER PRODUCTION

By GEORGE FASEL

Production number 219 in the 33rd season of the Pacific Theater, **Affairs of State**, adds itself to the list of innumerable successes by DeMarcus Brown and the Pacific Players.

The three-act drawing room comedy by Louis Verneuil opens tonight and runs also tomorrow night and October 19 and 20, with curtain time scheduled for 8:30.

A small cast of six actually is responsible for the buoyancy of the play, which itself drags in spots. But the characterizations of the present-day Washington political set are entertaining as well as believable.

Margot Tillitson, a newcomer to COP, enacts the role of Irene Elliot, an attractive and efficient schoolteacher who, for reasons of political expediency, weds George Henderson, played by Arlen Digitale. Miss Tillitson, in her role, gives notice to local play-goers

that she will be heard from in the future, as her charm and realism get through to the audience effectively. Digitale, though a little difficult to hear and somewhat unrelaxed, nevertheless projects his role of the handsome, ambitious politician with strong believability.

Joan Keagy, in the part of Constance Russell, completes the love triangle, and fits the role of a sophisticated society personality to a T. Her husband, Phillip Russell, who acts as a more or less antiquated elf in the whole affair, is done by Bob DeVight. Though his voice betrays him occasionally, DeVight puts across his part of an aged man quite well with excellent walk and expressions.

Jim Achterberg is a catalyst to the plot, as well as providing comedy relief with his excellent portrayal of aged Secretary of State Byron Winkler. His mannerisms and speech bring forth a compact characterization which adds life to the production.

Joe Cardinale serves well as Lawrence, the butler in a minor but effective role.

The story itself left a little to (Continued on Page 2)

## PSA Finance Com. Sets 56-57 Budget

On Monday, October 15, at 7 p.m., the PSA finance committee will present their recommended 1956-57 budget to the Senate.

The funds on which the budget is based are derived from the 15 dollars which every undergraduate student is required to pay each semester and for which he receives the benefits of a PSA card. This compulsory fee is defended against frequent individual opposition because the college administration desires that a well-balanced, adequate program of activities be maintained on the campus.

The amount of money that is allotted for each organization and activity is worked out on a percentage basis.

The recommended budget for this year, which is based on a total of 33,000 dollars for the year, is as follows:

AWS	1168.20
Band	1079.10
WRA	402.60
Naranjado	4200.90
Radio	250.80
Rally	620.40
Social Activities	3267.00
Pacific Weekly	4818.00
Classes	402.60
Handbook	726.00
Anderson "Y"	594.00
Athletics	8580.00
Forensics	1221.00
Lecture Series	330.00
Theatre	1221.00
General Fund	4119.30

All interested students are invited to attend the Senate meeting on Monday.

## Honor Seminar Set For Pacific Campus

An Honor Seminar will be held on October 15 and 16 upstairs in the Anderson "Y" for the purpose of making the students and faculty aware of the different honor systems, what they mean, and their desirability or undesirability for the COP campus.

The seminar will begin on Monday night with a speaker who will give his views on "What is Honesty?" and "Why Be Honest?" Panels and discussions will follow.

On Tuesday, a judge will discuss "How Punishment May Be Evoked." Students from other campuses which have effective honor systems will then give a brief discussion on their systems. Representatives of all the living groups and the faculty will present their opinions, and the seminar will close with an evaluation of the meetings and discussions.

## New Psychology Club Being Organized Here

All those who are interested in forming a psychology club are invited to attend a meeting at the home of Dr. Mitchell, 850 W. Euclid, on Tuesday, October 16, at 7:30 p.m.

## CANDIDATES FOR 1956 HOMECOMING QUEEN

LOCAL LOVELIES—The six candidates for Homecoming Queen are (left to right): Phyllis Herbert, Elaine House, Pat Pagel, Barbara Fridell, Patty Doll, and Barbara Amirkhan. The Queen will be chosen at the rally Friday, October 26.

## Fraternity Rushing Preference Today

This past week has been one of mixed anticipation and excitement for the rushees of the four fraternities at COP.

During the week, the four fraternities gave their rush dinners. Archania held theirs on Monday night; Rhizomia, on Tuesday night; AKL, on Wednesday night; and Omega Phi, on Thursday night.

Today, preference day, both the fraternities and the rushees will learn the results of the week-long rushing activities.

## Recital Season Opens With Phi Mu Concert

To open the annual season of student concerts on the COP campus, the Beta Pi chapter of Phi Mu Alpha will sponsor a recital on Tuesday, October 16, at 8:15 p.m. in the Conservatory.

Pianist Ernestine Stafford, guest performer, will perform Mozart's *Sonata in F Major*. She is a recent graduate of the Yale University School of Music.

Sandra Melba, a graduate of the Pacific Conservatory where she starred in opera performances, will sing *Frauenliebe und Leben*, a song cycle by Robert Schumann.

Tenor William Thompson will be featured in a Benjamin Britten composition, *Serenade for Tenor, Horn and Strings*. The accompanying ensemble will be directed by Arthur Corra and will feature David Krebhl of Fresno State College playing the horn passages.

## SIX CANDIDATES ANNOUNCED FOR '56 HOMECOMING QUEEN CONTEST

Pacific's Homecoming Queen contest got under way last Monday night with the selection of the six finalists from the representatives of the various living groups.

From these six girls one will be chosen to reign as queen, while the other five will be her court.

The six finalists are as follows: **Barbara Amirkhan** of Zeta Phi. Barbara is a junior elementary education major from San Carlos. She is currently serving as chaplain of Zeta Phi.

**Patty Doll** of Epsilon Lambda Sigma. Patty is a junior elementary education major from Los Angeles. She is recording secretary of AWS and secretary of the junior class.

**Barbara Fridell** of West Hall. Barbara is a freshman elementary education major from San Mateo.

**Phyllis Herbert** of South Hall. Phyllis is a junior transfer student from San Bernardino and is majoring in elementary education.

### FULLBRIGHT SCHOLARSHIPS

Mrs. Adele M. Smith from the Institute of International Education will be on campus Thursday, October 18 to discuss Fullbright Scholarships.

Anyone interested in applying for a Fullbright Scholarship may meet with Mrs. Smith in Room 202 of the Administration Building next Thursday afternoon.

**Elaine House** of Tau Kappa Kappa. Elaine is a senior elementary education major from Stockton. She is a member of Mu Phi Epsilon, AWS treasurer, corresponding secretary of Tau Kappa, and a member of Knolens.

**Pat Pagel** of Alpha Theta Tau. Pat is a junior elementary education major from Turlock. She is president of the national Spurs (honorary society) and is a song leader.

The queen will be presented at the Homecoming rally on Friday night, October 26.

## Seventeen Students Are Fellowship Recipients

Willis N. Potter, dean of graduate studies, has announced that 17 advanced students are the recipients of fellowships and graduate assistantships at COP for the present semester.

The holders of the fellowships include Maclyn Ball and Mee Chee Wu in the school of music; Fredric Busher, Paul Kurtz, and Margaret Riggs in the school of education; and Benjamin Capanas, Cecil Harp, and Robert Taylor in the physical education department.

Edwin Chin, Jr., James Hanson, Donald Pratt, Celestino Macabales, and Howard Runion are serving as assistants in the zoology department. John Clinkscales, Jr., Thomas Reilly, and Lurance Webber are assistants in chemistry; and James Hanny is assisting in the athletic department.

# PACIFIC WEEKLY

## - EDITORIAL -

Last week we received a very interesting piece of mail (with three cents postage due!). It was a hardly-recognizable copy of the first edition of the PACIFIC WEEKLY. We say it was hardly recognizable because it was so marked with red pencil that we could hardly read the comments, much less the paper.

We'll say this for it — the comments were worthy of an accomplished journalist and showed insight into campus activities available only to an active Pacific student.

Now, what bothers us most is that this expert on newspapers chose to remain anonymous. With such a tremendous knowledge of both journalism and our campus life, he (she, they) shouldn't hide under a basket. We would appreciate a person with this kind of knowledge on our staff. We have a feeling that we could not hold such a genius for very long, but would soon be sending him (her, them) to the big city dailies.

**PERSONAL NOTE TO OUR CRITIC:** We appreciate your anonymous comments; but, when you send in the next criticism, please put enough stamps on it, will you?

Seriously, we want any and all criticisms you may have; but we would like to have you talk them over with us and let us talk to you.

## New Secretary For Anderson "Y" Office

The potential of COP's Anderson Y Center is what most impresses Mr. Thomas Clagett, new "Y" secretary who has just replaced Dr. Alfred Painter.

"I feel that the 'Y' can do something for all students, whatever their background, and whether they be new or returning to Pacific. There's a place for everyone in the 'Y', said Mr. Clagett.

Hailing from Albany, New York, Mr. Clagett, called "Tom" amiably, is young-looking, slender and engaged to be married

next month. He attended Whittier college, University of Arizona and Yale University. He has also served in the armed services as a driver of a heavy tank.

Tom served also for three years on the national general committee for the World University Service, and traveled in Asia and Europe for that organization about three years ago. He has also served as a director of a Wesley foundation.

## Anderson "Y" Chooses Officers For Year

Anderson "Y", after a series of planning meetings, has elected its student leaders for this year. They are Tony Fadely, president; Connie Doyle, vice-president of the women's "Y"; and, Steven Henry, vice-president of the men's "Y".

Tony Fadely, a pre-ministerial sophomore from Port Clinton, Ohio, spent his first college year at Ohio State. He immediately began his career at Pacific by participating in the "Y's" activities.

By leading the program planning committee, he was instrumental in outlining a large part of the "Y's" new program for this year. Serving as a class president in high school, Tony also sang in Ohio State University's glee club.

Connie Doyle, who has participated in the "Y's" activities during all three of her years at Pacific, is a native Californian, hailing from the capitol city.

Active in student government, Connie has served as freshman class secretary, sophomore class treasurer, house manager of Tau Kappa sorority, is a member of Spurs, and presently works on the Drives and Student Affairs Committees for the PSA.

Steven Henry is a junior transfer student from Shasta J.C. and acted as chairman for last year's steering committee of the "Y". A pre-ministerial major, Steve has participated in numerous activities at COP, some of which include C.W.F. and Archania Fraternity.

## COLLEGE WITH RELIGION

By CLARENCE IRVING

## "TO PLEDGE OR NOT TO PLEDGE" — — — A STUDENT LOOKS AT A REAL ISSUE

A college student's religion is a unique thing, being subject to many different pressures, one of the most important of which is the college social fraternity or sorority. Here at Pacific, however, if one can find any quantity of objective, unbiased information on the matter, he is doing a little less than wonders.

Perhaps a real unbiased discussion of the fraternity or sorority situation is impossible, for it seems that there are always strong pros and cons on the matter. Nevertheless, there are a few things to be said about life in a special living group that students on the verge of rushing, especially students at Pacific for their first year, should know.

Without doubt the privileges and benefits of belonging to such a special group are many. Intense socialization with each sex, a large degree of autonomy, and most important perhaps, the brotherhood and fellowship which these groups offer are undoubtedly important values.

Such privileges, however, are not without cost. And, the greatest cost is the necessity of conformity. Conformity, as we mean it here, is not to be taken as a thing which is per se detrimental. Far from it. Nor is it to be taken as something which is, per se, good.

History shows that man's achievements have advanced as he has learned to conform with the ways of his society. One has to conform to the practices of one's church to reap its benefits; and, surely if one does not conform with the main practices here in college, unnecessary difficulty ensues. Conformity, then, is not always something bad. But perhaps it is the possibility which it presents for the destruction of the human will that makes it dangerous. And, as many will reply, anything which is of the least worth requires a risk.

What then can be said to individuals who are considering this matter? Not too much really, except, maybe, to "Look within thyself, then act." Somehow, we feel that Dr. Tully Knoles, one of our campus' great men, must have had this fraternity-sorority situation in mind when he wrote to all freshmen in their handbook "Conform, but do not become subservient."

All in all, it probably boils down to this: if you feel you can contribute to the improvement of

## First Phi Kappa Phi Meeting To Be Held

Dr. Clair C. Olson, president of the COP chapter of Phi Kappa Phi, has announced that this national honor society will hold its fall meeting on Sunday, October 14, in Anderson Hall at 7:30 p.m.

The program of the evening will feature Dr. Lloyd M. Bertholf, dean of the College, who led the 1956 COP European tour. Dean Bertholf will speak and show pictures concerning the tour.

Life members of the California Scholarship Federation who have just entered the freshman class are cordially invited to attend.

your life on campus through a frat or a sory, not without sacrificing some of yourself, then join. On the other hand, if you are satisfied with your campus life and find your channels of expression adequate, then you had better ask yourself "What Price Glory?"

## CHURCH NOTES

Canterbury Club held its weekly meeting last Sunday night at the Stockton Country Club, where the members had a swimming and dancing party.

Next week the organization will hear the Reverend Dr. Yeh, Episcopal minister from Formosa, who will speak on "Problems of Communism in China."

Transportation will be provided in front of Anderson "Y" at 7 p.m. for all those who wish to attend the meeting.

Newman Club, the campus' Catholic group which meets every Tuesday at 11:00 a.m., will begin this Tuesday a series of three meetings on the interpretation of Mass and Confession, the first of which will be led by Father Leonard.

At their last meeting, about 45 members of the club met with 25 members of San Jose College's Newman club for a meeting which consisted of dinner, singing, and dancing. Considered a successful engagement by the officers of both Newman clubs, the event is being made an annual affair.

Marvin Taylor is president of the group, Betty Passadori and Sylvia Murray are vice-presidents, Gloria Russell and Marie Russell are secretaries, and Ed Kurata is treasurer.

"Far From Alone," a movie on the effect of alcohol on a college athlete, is to be shown this coming Sunday at Central Wesley Fellowship.

The meeting, which will include discussion, dinner, and worship, starts at 7:00 p.m. Transportation will be provided in front of the Anderson "Y" at 6:15 for those who wish to attend the meeting.

Meeting every Monday at 7:30 p.m. in Morris Chapel, the campus' Christian Science group, led by Jane Curry, has had gatherings of about ten persons for every meeting.

## "Affairs of State"

(Continued from page 1)

be desired, with the overused idea of a marriage for business only finally turned into the real thing being employed. A small twist in the ending saves the plot from mediocrity.

However, the portrayal of life under political pressures and tensions is an interesting one, with many of the unknown angles being revealed.

The sets were well fitted and quite creative, coming from the reliable and fruitful mind of Bill Strom, who employed several new techniques in this production.

Other productions slated to appear on the Pacific stage later in the season are Saroyan's classic *Time of Your Life*, Christopher Fry's *The Lady's Not for Burning*, and Howard Lindsay and Russell Crouse' famous *Life With Father*.

# THOUGHTS IN PASSING

By RON OHLMEYER

Mike Montano and his ten Ivy Leaguers provided the serenade which made the rounds of the campus Wednesday night. We expect to be hearing more from these boys in the near future.

If you've noticed a similarity in the shirts many of the fellows have been sporting recently, attribute it to the showing and sale of Ivy League clothing a week ago at Omega Phi.

This all-male riot was presented by Vaughn's of Berkeley and Sacramento and featured what the well-dressed man will wear—at a 35 per cent discount.

We mixed with the crowd surrounding the display table erected in the Phoos' living room, thriving on the various comments. Sample: "Do you have socks with a strap across the back?"

The number of buttons on a shirt often seemed to determine its quality, and one eager shopper appeared indignant when he discovered that the button-down collar on a shirt he'd selected did not also include a third button in the back.

Belts were grabbed up so quickly that to insert our hand into the pile might have meant immediate amputation. We also noticed a pair of dark glasses being passed about for those inspecting the louder Ivy League stripes.

After the picking, customers hurriedly changed from "old rags" to their new purchases and departed more quietly than they had entered. The Vaughn representative lingered awhile in an attempt to figure his loss. We watched the empty boxes being carried away, still somewhat dazed by this strange exhibition of enthusiasm and marveling at the power of the cloth.

Without making an accurate check with the athletic department, it is difficult to ascertain what effect thunder, lightning, and rain had upon the over-all attendance at the Cincinnati game Saturday night at Memorial Stadium. We think it's safe to say, however, that these conditions didn't hamper the spirits of most Pacificites.

We appreciated the spirit of such organizations as Archania with their well-timed card stunts during the half and the Pacific Marching Band which, under the direction of Arthur Corra, presented a musical tribute to Rodgers and Hammerstein. With a variety of selections from some of Dick and Oscar's well-known musicals, it was a performance executed to such a high degree that anyone connected with Pacific could not help but take pride in Mr. Corra and his talented group.

With an enrollment of 323 freshmen students, Pacific again records another fall semester with the largest frosh class in its history. Some of us, standing in awe, bewilderment, and uncertainty, wonder just who are we, the freshmen?

Primarily, I doubt that we're much different than were the classes before us, our brethren now more wise, experienced, and sophisticated. There are many of us who have recently graduated from high school, and others of us who have arrived following

temporary interruptions — the ex-working class, the veterans.

Along with the freshmen come the transfer students and some new post-grads. We come from many parts of California and from other areas of the country as well. To all of us, Pacific is something of a new experience, at once friendly and, because of this congeniality on the part of older students and faculty, immediately the part of our lives that it should be. For some of us, it is toil, a goal, the achievement of ambitions and dreams; to all of us, it's home.

A recent survey finds that three out of five eligible college voters will not participate in the presidential election next month. General reason: no preference for either candidate; or, more specifically, it doesn't matter who runs the country.

From the widespread display of "Ike" buttons (and there must be a few ardent Democrats about the campus), perhaps we can assume that there is not so much political disinterest here at Pacific, however.

At any rate, if you are an eligible and registered voter, use that vote for the man (or party) of your choice. If it's the first vote to which you've been entitled, it should seem all the more important.

SEE YOU—IN PASSING

## Dr. Burns President Of College Foundation

Dr. Robert Burns has been elected president of the California Independent Colleges Foundation, Inc. for the coming year.

The Foundation is a non-profit corporation, established in 1955, representing eight northern California colleges and universities, among which is COP. The organization provides a channel through which business firms and individuals may share in the higher education of future citizens. Since tuition provides only 70 percent of total operating costs, such outside sources are needed.

## Senate Bulletin Board

By ELKINS

PSA's Senate meeting of October 1 was eventful because a much-needed addition to the number of song-leaders was made.

Most college have at least six song-leaders; and, with Pacific playing the larger colleges, it is to our advantage to keep up with the growing trends towards a larger number of song-leaders. I would also venture to say that Pacific has as cute an array of song-leaders as any college I have seen.

There was more than the usual amount of discussion over the purchasing of Bermuda shorts and socks for the yell-leaders; but, after seeing them in their outfits, I feel that the Senate made a worthwhile investment. When Pacific has its exchange rally with San Jose State, we will know that our song-leaders and yell-leaders will look as sharp and perform as well as any that San Jose can send to COP.

A word of congratulations to Stan Daniels and the members of his Student Affairs Committee for the excellent job they did on conducting the voting for class elections last week. Everything went "without a hitch."

Stan Emerson, Homecoming Parade chairman, has announced that the theme for this year's parade will be "Political Panorama." The living group entering the prize-winning float will be awarded a Hi-fi set — a nice addition to any house or dorm.

November 2 and 3 are the dates for the PSA Leadership Conference in Columbia. In the past, the results of this conference have been very satisfactory, and it is hoped that this one will be as successful.

Senate members Nancy Hane and Judy McMillin, along with Joe Golenor and Ken Swearingen, appeared on the TV show "Charades" several weeks ago and won 50 dollars which they contributed to the Student Union Fund. Congratulations to them for their skill in the art of playing charades and for their generosity.

The PSA Senate will be host to the student body officers of San Jose State at a dinner on November 5.

## Dean Betz Discusses COP Traffic Problem

Dean Edward Betz recently made the following statements concerning the traffic and parking problems on campus.

There is very little parking space on campus, and the chances of building parking lots are slim. In order to provide more space, however, the area behind the fraternities is being scraped. This area, when completed, should provide about 40 more spaces.

Students and faculty who drive from off-campus should be realistic about parking. No one can expect parking places right outside his door. Many off-campus drivers pass up the empty spaces near the Conservatory in hopes of finding a space in the center of the campus. Drivers, by taking

advantage of these empty spaces, will help greatly in solving the parking problem for the present time.

Students who live on campus should drive carefully and regard their cars with an adult outlook. Those who persist in driving recklessly will have to give up their driving privileges on campus.

Remember that the speed limit is 15 miles per hour.

## Marine Recruiters Will Visit Campus

A US Marine Corps Officer Procurement Team from San Francisco will be at the COP gymnasium on October 15 and 16 from 9 a.m. until 3 p.m.

## Nancy Newton Tells Troth To Ed Farley

A ball of yarn unraveled the secret of Nancy Newton's engagement to Ed Farley at Zeta Phi on October 4.

The ball of yarn was passed from girl to girl, each unwinding a small portion of it. Clues as to the identity of the couple were found at intervals wrapped

## GIRLS TO VIE FOR "MAID OF COTTON"

The annual "Maid of Cotton" contest is again under way.

Each year, an outstanding young lady is selected to act as the ambassador of the American cotton industry both here and abroad. She is truly the representative of the whole industry, which includes designers, manufacturers, spinners, processors, and growers. As such, she meets heads of governments, state and city officials, leaders in all

around the yarn; and, at the center of the ball, Arlene Bacig found the note which revealed the names of the engaged pair. Chocolate candies were then passed.

After the announcement, Ed's fraternity brothers from Alpha Kappa Lambda escorted him to Zeta Phi, where he presented Nancy with her ring as AKL sang their sweetheart song.

Nancy, a sophomore, is a music major. She is a member of A Cappella Choir and Zeta Phi.

Ed is a junior and is an electrical engineering major. He is treasurer of AKL.

phases of the cotton apparel and manufacturing field, editors, and radio and television officials.

A candidate will be chosen to represent California and will be presented at the California Cotton Cotillion, which is sponsored by the Fresno Cotton Wives Auxiliary. From there, the nominee will travel to the national "Maid of Cotton" contest in Memphis, Tennessee.

Each candidate must have been born in one of the following cotton-growing states: Missouri, Virginia, North Carolina, South Carolina, Georgia, Florida, Tennessee, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma, Texas, New Mexico, Arizona, California, Illinois, Kansas, Kentucky, or Nevada. She must be between the ages of 19 and 25, be at least 5 feet 5 inches tall, and have the permission of her parents to enter the state and national contests if she is under 21 years of age. If she is chosen, she must never have been married and agree to remain unmarried until after the tour.

The winner of the national contest will receive a cotton wardrobe, a new Ford convertible, and many other gifts.

## SORORITY SISTERS REGISTER SURPRISE AT SLAYTON-GEROW ANNOUNCEMENT

Dinner at Alpha Theta Tau on Monday, October 8, was the occasion of the announcement of Jean Slayton's marriage to Rich Gerow.

A series of clues and the reading of the couple's marriage license by Sharon Eggerts and Sue Scrivener revealed the secret to Jean's sorority sisters.

Jean and Rich were married on Saturday, October 6, in Carson City, Nevada. They are now living at Manor Hall.

Jean was a sophomore education major, a member of Alpha Thete, and a song leader.

Rich, a member of Rho Lambda Phi, is an international relations major.

## Jean's Jottings

By JEAN LEWIS

A new parking problem has been created in sorority circle by members of a late class on automotive movement. Let's not run this class into the ground.

### REALISM

One of Pacific's earnest college seniors sought out his English professor and asked, "What would you advise me to read after graduation?"

"The 'Help Wanted' column, my boy," was the immediate rejoinder.

### SERENADE

College of the Pacific is blessed with another choir on campus. Their first recital was held early Sunday morning with the sororities being serenaded by "hims."

### HISTORY REPEATS ITSELF

Once again the Confederate flag is burned . . . and so are the Archites. For more information contact the Phi Deltas, not the Archites, who are still seeing red.

### ROAR AND BE HEARD

The crowds cheered, the horns blared, and the fires burned bright last Monday night in sorority circle. Pacific "booms" again.

## Local Spurs To Attend Statewide Convention

Six members of the COP chapter of Spurs, the national sophomore women's honorary society, left this morning for a state-wide convention at the University of Redlands.

The group included Lani Mohr, president of the COP chapter, Pat Mondon, Linda Blevins, Julie Lauer, Gloria Russell, and Beth Adamson.

# ADALINE'S WISDOM FOR SOPHISTICATES

Dear Addy:

Here is our problem. We have pooled together our resources and have come to this conclusion. All four of us are in the same hall and have discovered that we are hopelessly in love with the yell leaders—not all of them together, of course. But we each have our own pet. First, here is B.G. My roomy first met him at the frosh mixer. She says that she fell head over heels in love with him the first moment that he wrapped his big, strong arms around her. The girl down the hall indicates that she knew that DL was the only one for her when he said good-bye to her after class. My girl friend fell for AF the moment she saw him at the first pep rally. My next-door neighbor has always admired MT from afar, but has never gotten him to notice her. Could you please help us? How can we get close to the ones we love without their thinking we are too forward?

Hopefully,  
The Four Freshmen

Dear Four Freshmen:

Well, yell leaders, what is the answer? Only you four could have written this.

Dear Addy:

All of a sudden we haven't any dates, and we can't figure out why. We're beautiful, intelligent, and experienced. Last year we had dates. We all brush our teeth. There's Fresh in every medicine chest. But where are the MEN?

Teresa Kay Kappa  
Alice Olivia Tau  
Emily Virginia Sigma

Dear Ladies:

Patience, the freshmen can only take so much. And, besides, they have hours.

Dear Addy:

It's my song and you guys are being real mean, singing it about a tiger when it's my song. I don't like tigers. Why don't you rob Supermouse or somebody and leave me alone?

Mickey M.

Dear Mickey:

What are you, a man or a mouse?

Dear Addy:

Here's the problem, in black and white. Our roomy Arnold is a real stinker. He sleeps all day and expects us to tip-toe around so as not to bother him. Then he stays up all night and creates a constant noise and disturbance. This habit annoys us very much, and we are suffering from lack of sleep. Can you suggest any way to make him "see the light?"

Sleepy-Time Gals

Arnold and the Gals:

I believe your problem is a simple one, but I fail to see how it would occur in a college dorm?!

## West Hall Chooses New Representatives

Girls of West Hall elected class representatives to the house council at a meeting held last Thursday evening, October 5.

The new council members are Nina Kent, freshman representative; Carol Jacobson, sophomore representative; Carol Thompson, junior representative, and Helen Hemphill, senior representative.

Because the freshman class is so large this year, a freshman AWS representative to West Hall was also chosen. Neva Aki will hold this position.

Girls in the dorm are busy making plans for Homecoming, also. Chris Diller is in charge of Homecoming plans and Pat Ward is float chairman.

dinner? And why? . . . All the luck and happiness in the world to Pacific's newly-weds, Jeannie and Rich Gerow!

## SOCIETY

### Whiteside-Shore Tell Pinning At West Hall

Vickey Whiteside's pinning to Dick Shore was revealed at a special house meeting in West Hall on October 1.

Carol Chappell read an acrostic sonnet written by John TeSelle to make the announcement.

Vickey is a sophomore education and psychology major. She is active in Central Wesley Fellowship and Chi Rho.

majoring in elementary education.

Bill, who hails from Minneapolis, Minnesota, intends to study further in the field of radio after being discharged from the Navy.

### Pat Bacon Reveals Troth

Pat Bacon's recent engagement to Bill Brothen was announced at the South Hall house meeting on October 4.

Pat, who is from Orinda, is

What young people are doing at General Electric

## Young mathematician helps pace engineering advances

Recently General Electric developed a compact, new motor for industrial use. But before the motor could be put into automatic production, one difficulty remained: to design a protective end shield that would confine any possible explosion to the motor itself.

The man who solved the tough mathematical problems involved is R. A. "Pete" Powell — a mathematical analyst whose job is to assist other engineers in math problems which arise in any number of different projects.

### Powell's Work Is Varied and Important

Because he is not tied down to any one project, Powell seldom has two similar assignments. Taking established engineering and mathematical principles, some of them extremely complicated, Powell applies them to advanced engineering problems. In doing this, Pete is able to make such calculations as the distortion of a small part of a jet engine caused by vibrations, the deflection occurring in a turbine part when it runs at operational speeds, or the forces exerted upon a rotating shaft by lubricants.

### 27,000 College Graduates at General Electric

When "Pete" Powell came to General Electric in 1953, he already knew the kind of work he wanted to do. Like each of our 27,000 college-graduate employees, he is being given the chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given freedom to make progress, everybody benefits — the individual, the Company, and the country.

Educational Relations, General Electric

$$\frac{1}{A} \frac{\partial u}{\partial \alpha} + \frac{v}{AB} \frac{\partial A}{\partial \beta} - \frac{w}{R_1}$$

$$\epsilon = \frac{1}{B} \frac{\partial v}{\partial \beta} + \frac{u}{AB} \frac{\partial B}{\partial \alpha} - \frac{w}{R_2}$$

R. A. "PETE" POWELL joined General Electric in 1953 after receiving his B.S. in Physics in '47 and his M.S. in Mathematics in '49, both from Purdue. From 1949-52 he completed further study in Physics again at Purdue.

Progress Is Our Most Important Product

GENERAL  ELECTRIC

**BAFFLED BEARCAT**—An unidentified Cincinnati tackler takes a futile crack at Pacific's big number 22, Richard Lee Bass, in last weekend's 21-15 COP victory. Bass scored one td on a 53 yard gallop in the third period, and racked up 181 yards in 19 efforts.

## Undefeated Tigers Set For Fresno After Winning Out Over Cincinnati

Pacific's Tigers are still undefeated, and they will attempt to collect another win against a rival of years back, Fresno State, tomorrow night in Fresno.

Winning 21-15 over a stubborn University of Cincinnati team, the Tigers' were impressive last Saturday night.

The team's offense, on the whole, ran fairly well. Dick Bass's activities were up to his usual high abilities. He netted 181 yards on 19 carries, just 10 yards short of COP's all-time single game rushing yardage record set by Ernie Lindo against Texas Tech two years ago. Those 181 yards gave him a total of 363 in three games played for Pacific, which is just 200 yards short of cracking the elite top-ten, all-time CAREER rushing leaders, meaning he should do as

much in his first five games as older Tigers did in two and three seasons. Dick's best run of the night was a 53-yard effort early in the third quarter behind the great blocking of his usual escorts, Galen Laack and John Nisby.

Pacific was behind for the first time this season on a very quick TD by Cincinnati. The Bearcats' score in the opening minutes was set up by a Tom Green fumble on the 31-yard line and recovered by the Bearcats who continued to score on just three plays.

Pacific's game with Fresno will be the 32nd meeting between the two schools, the oldest rivalry on both teams' schedules. The last time these two teams met they played to a 21-21 tie.

Both teams are undefeated thus far this season, although Pacific is favored to take them.

### Many Former Tigers Return From Service

Have you noticed all the familiar faces of former COP grid-ders around campus, all of whom played together on the 1952 COP football team?

Seven of the men on this team have returned to COP to finish their undergraduate and graduate work after a hitch in the service. All but one of these played football during their tour of duty.

If you haven't met the fellows, they are Al Dattola and Larry French, Army football with the National Service Champs; Willie Richardson, Navy football and Little Navy Team; Cecil Harp, Lowell Herbert, and Charles Washington, Army football; and Ebbie Myers, first lieutenant in the Marines.

### Fall Tennis To Be Part Of Intramural Program

Fall tennis, for the first time, is to be included as part of the intramural program.

The tournament is to be single elimination, with the winners being awarded trophies. Competition will begin on or about October 17.

All interested parties should contact Bob Gaughran or Dr. Voltmer.

(Fasel, that is)

**SATURDAY NIGHT'S TIFF** with Cincinnati was a rather unordinary contest in that the numerous bolts from the blue produced more screams from the dampened multitude than did the battle which was being staged on the greensward below.

The hardy spectators braved intermittent showers to see the Tigers claw out a 21-15 victory over the Bearcats in a close game. Dandy Dick Bass shook loose for one tremendous 50 yard plus touchdown jaunt and here's one scribe who's still pondering on how the elusive speedster eluded that last man who seemed to have Number 22 dead to rights on about the 25 yard line.

Others who particularly sparkled for the Pacific cause were Farrell Funston, whose play at left end was ferocious yet brilliant, Tom Green, who remains one of the most consistent performers for the Orange and Black, Johnny Williams, sophomore guard just switched from end, and Bobby Hicks, who racked up a pair of timely first downs and nabbed a crucial interception in the waning moments of the tilt.

### Tiger Water Polo Team Has One Win, One Loss

A loss to the Cal Bears was the outcome of the first league game played by the COP water polo team on Friday, October 5; but the Tigers came back on Saturday to beat the Athens Club from Oakland.

The outstanding player of the Cal-COP game proved to be Ron Volmer, who, besides scoring five points for the Bears, combined his speed with that of his fellow forwards to tear the Tiger defense apart. Although Chris Greene played a great game defending the cage, the Bears broke through to a 8-3 victory.

Scorers for the Tigers were Roger Moreau, Bob Gaughran, and John Felix.

Coach Anttila, when asked, credited the loss to a lack of teamwork.

An 8-6 victory was scored by the Tigers over the Athens Club the following day, however. The game was a close battle, with the score shifting often. In the first quarter, two goals by Felix and one by Gaughran gave the Tigers a 3-0 lead, but the Athens Club team came back in the second quarter to go ahead 4-3. A 5-5 tie ended the third quarter, but the goals of Felix and Moreau and the Tiger defense paved the way to an 8-6 Pacific win.

The team is in Los Angeles today to play USC, and tomorrow they will meet the US Olympic team.

**FRESNO STATE** is the next blockade on the COP path to unbeaten season, and the Bengals are not likely to forget the humiliating tie rendered by underdog FSC a few years ago. Yet, the valley boys have been building for a couple of seasons and could spring an upset.

**IF YOU HAVE FORESIGHT** and are already thinking about next season, how's this for a starting lineup of returning Tigers:

Ends—Funston and Denton  
Tackles—Vera and Striegel  
Guards—Weaver and Williams  
Center—Rutter  
Backs—Flores, Bass, Green, and Larscheid

Should be a good group. That will probably be the nucleus of the squad that goes against UCLA in 1957 here in Memorial Stadium.

**LOOKING AWAY** from football for a moment we see that the two big guns, John Thomas and Dave Davis, are back again for Van Sweet's hoopsters, which should mean a top season on the hardwoods what with the incoming transfers, upcoming freshmen from last year, and returning vets.

Also, this year's water polo squad shapes up as one of the tops in years as Bob Gaughran, John Felix, Chris Greene, Rog Moreau, Ben Randall, Stan Pedder, and Walt Patterson lead the way.

**NOW MARCHING** for Uncle Sam at Fort Lewis Washington are three Tiger pigskinners of past years, Don Cornell, Jack Meeks, and Jim Timms. Stationed at Fort Ord, California, is Gene Cronin, just released by the Detroit Lions of the National Football League.

### TOUCH FOOTBALL SCHEDULE

The touch football schedule for the week of October 8-11 is as follows:

Monday, Oct. 8

Quonsets vs. Rhizomia

Tuesday, Oct. 9 —

North Hall vs. AKL

Wednesday, Oct. 10 —

Omega Phi vs. Archania

Thursday, Oct. 11 —

Quonsets vs. North Hall

All games will be played on the first field at Stockton College at 4 p.m.

### SPORTS QUIZ QUESTIONS

1. Who pitched a perfect game during the recent 1956 World Series?
2. What Olympic event is taking place in Stockton this week?
3. How many home runs did the immortal Babe Ruth hit during his baseball career?
4. After a bust-up with the Hamilton Tiger-cats of the Eastern Canada Big Four, with what team did Ronnie Knox sign?
5. What former COP football player was recently released by the New York Giants?

ANSWERS

1. Don Larsen of the New York Yankees.
2. The Olympic boxing trials this Thursday and Friday night.
3. The Babe hit over 700 home runs.
4. The Calgary Stampeders.
5. Tommy McCormick

## PLAYER OF THE WEEK

## Laack Sparkles Against Cincy

Galen Laack, the Tigers' rugged 6-foot, 215-pound tackle, has been chosen as this week's "Player of the Week" for his splendid performance in COP's hard-won victory over the Cincinnati Bearcats.

Galen hails from Abbotsford, Wisconsin. While in the service, he played on the All-Star football team.

A physical education major,

Galen was awarded the most valuable player trophy in his freshman year at COP. He hopes to play professional ball after his graduation.

As for his play in last Saturday night's game against the Bearcats, he did an excellent job offensively, plugging up or opening up holes. Defensively, he was a true Tiger, stopping up Cincinnati plays and setting them for losses.

## Homecoming Plans

A midnight "post mortem" of the Homecoming football game by coach Jack "Moose" Myers will highlight the alumni dance October 27.

Coach Myers will review the performance of his COP Tigers at the Joaquin Room of the Stock-

ton Hotel, and an orchestra from Lodi will furnish music for dancing from 11 to 2. The dance, open to all COP graduates and alumni, will be free for Alumni Life-Time card holders, or cost one dollar per couple for others attending.

Furnishing music for the students' Homecoming dance at the Stockton Ballroom will be Phil Bovero's orchestra.

## Frosh Football Team In Opener October 20

With almost two weeks of practice under their belts, the Tiger freshman football team eagerly await their opener with the Fresno State JV's on Saturday, October 20.

This year the freshman squad is being coached by Kris Kjeldsen, who was a highly-rated guard in his playing days here at Pacific. His able assistants are two former players from last year's varsity. The line is being coached by Bob Maron, and the backfield is under the tutorship of Ken Swearingen.

Last Monday the frosh held an offensive scrimmage against the varsity with the results termed as normal by the coaching staff. Coach Maron failed to give critical comment, but stated that everything went as expected.

Maron cited the play of Ola Merchison, who undoubtedly is the fastest man on the squad, and said the club was blessed with a solid "one-two punch" in the quarterback slot with Gary Hubb and Norman Bass.

Although the "beef" of the squad is large and impressive, Coach Maron stated that no positions have been closed and that the starting line-ups will not be settled until the opening game.

## FRESHMAN SCHEDULE

Oct. 20 Fresno State JV's — there

Oct. 26 Chico State JV's — there

Nov. 2 San Jose Frosh—there  
All games will be played in the afternoon.

## OLYMPIC PREVIEW

In the first week of last July, 229 of the best coordinated young men in America gathered at the Los Angeles Coliseum to decide by trial who would represent the USA in the coming 1956 Olympics in Melbourne.

In many cases, this meet was better than the Olympic contests themselves, as the competition in some events was keener than it will be in the world trials.

Three world records and two national records were smashed. Out of this grueling competition were born many new faces to replace the veteran performers of old. The name "Davis" seemed to be the password for the day. Glenn Davis broke the world's mark in the 440, Jack Davis tied in the 110-meter hurdles with Lee Calhoun for a new meet record of 13.8 seconds, and Ira Davis won the hop-step-jump event.

The only double winner of the day was Bobby Marrow, the fantastic Texan, who equalled the 100-meter mark of 10.3 seconds and also won the 220-meter dash.

The most exciting event of the day was won by a fellow who had to pay three dollars to get in because he forgot his pass. Mr. Charley Dumas broke the world's high-jump record by leaping 7' 1/2", thus breaking the mythical barrier of seven feet which has eluded men for years.

One other major record, though unimportant by international standards, was broken by a fine performer, Bill Dellinger, who ran the 5000-meter race in 14:26. His coach says that he will be down under 14 minutes before the games.

The 880-meter race was won by Tom Courtney, who came from behind to out-kick the famous Mal Whitfield, who was trying for his third Olympic berth, and Arnie Sowell. Courtney, in winning, set a new American record time of 1:46.4.

The majority of the meet, however, was won by the favorites. In the shotput, the world's three 60-foot men, Parry O'Brien, Ken Bantum, and Bill Neider, placed one-two-three. In the javelin, it was Olympic champ Cy Young and Phil Conley. In the pole vault it was the Rev. Richards; in the discus, Fortune Gordien.

The two broad-jump candidates, Gregg Bell and John Bennett, consistently have been the best in the nation. They finished at a tie of 25' 8" at the meet.

Or why you never got so much for your money

"Whenever a customer complains to me about the price of gasoline, I call my wife.

"She's worked right with me and kept our books since we leased our first Union Oil station on this same corner in La Canada, 20 years ago.

"And—as Myrtle says—gasoline hasn't gone up nearly as much as other things you buy.

You pay 205% more to build a house today than you did in 1936. 220% more for a low-price 2-door sedan. 125% more for a suit of clothes. 325% more for a pound of sirloin steak.

"Yet if you leave out the tax, Union's premium gasoline has gone up only 70% in that same time. Fact is, the tax has gone up more than the gasoline—100%! And two gallons of Union's new Royal 76 will do the work of three gallons of our old product.

"You get a lot of service for nothing, too. We wash your car's windshield. We check water,

THE SANTMANS: 20 YEARS ON THE SAME CORNER IN LA CANADA, CALIFORNIA

oil, battery and tires. We provide clean rest rooms and free maps for your convenience.

"Fact is, you never got so much for your money as you do today when you say, 'Fill her up!'"

In 1956 it costs Union Oil 250% more than it did in 1936 to build the kind of service station Charles and Myrtle Santman operate in La Canada, California.

Yet in spite of continually rising costs like this we have been able to keep prices down, while constantly expanding our service and improving our product.

We have accomplished this by plowing profits back into better facilities, by research, by eliminating waste and improving efficiency.

We have had to do this to meet the competition of the many other oil companies serving your needs.
